Achieving A Better Life Experience

What is Maryland ABLE?

Maryland ABLE accounts are a way for people with disabilities and their families to save money without jeopardizing state or federal benefits, such as SSI, Medicaid, waiver services, etc.

Why do people open ABLE accounts?

- Saving up to \$100,000 in an ABLE account before impacting SSI cash benefits.
- Saving without jeopardizing state or federal means-tested benefits such as Medicaid, SSI, waiver services, food, or housing assistance.
- No federal or state taxes on the earnings while the funds are in the ABLE account, AND no taxes on the withdrawals if the funds are used for Qualified Disability Expenses (QDEs).
- Access to a Maryland State income tax deduction up to \$2,500 per contributor per beneficiary for Maryland residents contributing to an ABLE account.
- Easy online enrollment and account management.
- Easy access to funds

Who can open an ABLE account?

To be eligible for an ABLE account, you must:

(1) Have developed a disability prior to the age of 26

You do not need to have been formally diagnosed with the disability, but must be able to show documentation that you had the disability

(2) Meet the Social Security definition of disability

You can show this by:

Showing you have been found eligible for Supplemental Security Income (SSI) or Social Security disability benefits (SSDI)

OR

Providing a “disability certification” from a licensed physician stating that you meet the Social Security-level of disability

Who owns the ABLE account?

- ABLE account is **Owned & Operated** by the person with a disability.
- If the ABLE account holder needs help managing his or her account, Authorized Legal Representative (ALR) can be appointed, but the person with a disability is always the owner and designated beneficiary.
- If the ABLE account owner is a child, a parent or legal guardian can serve as the ALR. If the account holder is over the age of 18, the account owner must give permission to serve as the ALR. The ALR will need to be legal guardian or have power of attorney.
- One ABLE account per beneficiary.

How much can I contribute to my ABLE account?

- \$25 initial deposit when you open the account.
- \$10 minimum contribution.
- \$15,000 standard annual contribution limit.
- \$12,760 in ABLE to Work contributions for beneficiaries who qualify in 2021.
- \$100,000 ABLE account balance before SSI cash benefits may be suspended.
- \$500,000 account balance after which contributions will not longer be accepted.

Contributions can be made via check, automatic deposit, or by electronic funds transfer (“EFT”).

ABLE To Work Act

Eligibility: If the beneficiary or his/her employer does not contribute to the beneficiary's retirement plan, including a defined contribution plan (e.g. 401 (k), 403 (b), or 457(b) retirement plan) within the taxable year.

Contributions: Allows contributions above the \$15,000 annual contribution. Limits additional contributions equal to the beneficiary's **gross income** for the current year up to **\$12,760** for 2021.*

- **Unemployment Benefits:** Unemployment benefits **can** be deposited as a Standard or ABLE to Work contribution.
- Unemployment benefits are **NOT** counted towards the beneficiary's gross income for the current year.

**This is equal to the Federal Poverty Level for a one-person household as determined for the calendar year preceding the tax year in which contributions are made.*

Who can contribute to the ABLÉ account?

- Yourself
- Family
- Friends
- *Earned income*
- *Unemployment funds*
- *Economics Stimulus Payment*
- *Small inheritances*
- *Small settlements*
- *Rollover money from a 529 College Savings Plan*

Maryland ABLE Tax Incentives

Maryland State Income taxpayers can claim up to a **\$2,500 income tax deduction** per contributor, per ABLE account.

Joint filers can claim up to **\$5,000**.

* Remember, a deduction reduces your total taxable income by the percentage of your highest federal income tax. It is NOT a dollar-for-dollar credit.

How do I access the money in the ABLE account?

- Link an existing bank account to your ABLE account
- Log in and make contributions or withdrawals online
- Deposit or request paper checks*
- Prepaid Card option*

* Fees apply

How does an ABLE account help with the Economic Stimulus Payment?

If some or all of the Economic Stimulus Payment is put into an ABLE Account:

- The ABLE account provides flexibility to take more time to decide how the person wants to use the money.
- After 12 months, whatever is left of the Economic Stimulus Payment will count towards the \$2,000 SSI asset limit if it remains in a regular account.
- If it is deposited in an ABLE account, it won't count toward the \$2,000 asset limit unless your ABLE account balance exceeds \$100,000.

MEDICAID UPDATE: The 12-month grace period applies to Medicaid as well. The stimulus payments are not counted as income when determining eligibility for medical coverage. Any amount remaining after 12 months will be counted as an asset at that time, but not before.
