Appendix B-6: Evaluation / Reevaluation of Level of Care

As specified in 42 CFR §441.302(c), the State provides for an evaluation (and periodic reevaluations) of the need for the level(s) of care specified for this waiver, when there is a reasonable indication that an individual may need such services in the near future (one month or less), but for the availability of home and community-based waiver services.

State:	
Effective Date	

- a. Reasonable Indication of Need for Services.** In order for an individual to be determined to need waiver services, an individual must require: (a) the provision of at least one waiver service, as documented in the service plan, and (b) the provision of waiver services at least monthly or, if the need for services is less than monthly, the participant requires regular monthly monitoring which must be documented in the service plan. Specify the State’s policies concerning the reasonable indication of the need for waiver services:

i.	<p>Minimum number of services. The minimum number of waiver services (one or more) that an individual must require in order to be determined to need waiver services is:</p> <table border="1" style="margin-left: 20px;"> <tr> <td style="width: 50px; text-align: center;">1</td> </tr> </table>	1

- b. Responsibility for Performing Evaluations and Reevaluations.** Level of care evaluations and reevaluations are performed (*select one*):

<input type="radio"/>	Directly by the Medicaid agency
<input type="radio"/>	By the operating agency specified in Appendix A
<input checked="" type="radio"/>	<p>By an entity under contract with the Medicaid agency. <i>Specify the entity:</i></p> <p>Level of Care (LOC) evaluations and re-evaluations are performed by each Coordinator of Community Services (CCS) with review and approval by the DDA.</p>
<input type="radio"/>	<p>Other <i>Specify:</i></p>

- c. Qualifications of Individuals Performing Initial Evaluation:** Per 42 CFR §441.303(c)(1), specify the educational/professional qualifications of individuals who perform the initial evaluation of level of care for waiver applicants:

<p>Each CCS must meet the established provider qualifications for Targeted Case Management (TCM) under the Medicaid State Plan and Appendix D-1.a. of this waiver.</p> <p>Each CCS is required to participate in in-service training on assessment and evaluation, level of care determination, and waiver eligibility. The CCS is responsible for gathering information, including medical, psychological, and educational assessments, as part of the level of care determination process. The CCS must be able to critically review assessments in order to make a recommendation to DDA regarding level of care.</p> <p>Final decisions regarding level of care are made by the DDA.</p>

State:

- d. Level of Care Criteria.** Fully specify the level of care criteria that are used to evaluate and reevaluate whether an individual needs services through the waiver and that serve as the basis of the State’s level of care instrument/tool. Specify the level of care instrument/tool that is employed. State laws, regulations, and policies concerning level of care criteria and the level of care instrument/tool are available to CMS upon request through the Medicaid agency or the operating agency (if applicable), including the instrument/tool utilized.

All waiver participants must meet the DDA’s criteria for developmental disability in accordance with Annotated Code of Maryland, Health-General Article, § 7-101(~~f~~), which is comparable to the federal definition, originally found at 45 CFR. §1385.3, but redesignated as 45 CFR. §1325.3.

~~As set forth at Md. Annotated Code, Health-General Article § 7-101(f), "developmental disability" means a "severe, chronic disability of an individual that:~~

- ~~(a) Is attributable to a physical or mental impairment other than the sole diagnosis of mental illness, or to a combination of mental and physical impairments;~~
- ~~(b) Is manifested before the individual becomes 22 years old;~~
- ~~(c) Is likely to continue indefinitely;~~
- ~~(d) Results in an inability to live independently without external support or continuing and regular assistance; and~~
- ~~(e) Reflects the need for a combination and sequence of special, interdisciplinary, or generic care, treatment, or other services that are individually planned and coordinated for the individual."~~

In order to be eligible for the Waiver, applicants must also meet the level of care of an ICF/IID. See 42 U.S.C. § 1396n(c); 42 CFR §441.301(b)(1)(iii). Therefore, DDA considers the level of care of an ICF/IID in its application of its statutory definition of developmental disability. In determining the level of care for an ICF/IID, DDA looks to the federal definitions of intellectual disability and related condition, set forth in 42 CFR §435.1010, as required for admission to an ICF/IID. See 42 CFR §440.150(a)(2).

The DDA requires that the CCS completes a Comprehensive Assessment (CA) form based on these criteria. The CCS uses the CA to make an informed recommendation to DDA on eligibility for all individuals who apply for services. The CCS submits the CA as well as any supporting documentation the CCS has gathered, including professional assessments and standardized tools, to the DDA Regional Office for review. The CCS verifies annually that the participant continues to meet the developmental disability eligibility determination.

- e. Level of Care Instrument(s).** Per 42 CFR § 441.303(c)(2), indicate whether the instrument/tool used to evaluate level of care for the waiver differs from the instrument/tool used to evaluate institutional level of care (*select one*):

<input checked="" type="radio"/>	The same instrument is used in determining the level of care for the waiver and for institutional care under the State Plan.
<input type="radio"/>	<p>A different instrument is used to determine the level of care for the waiver than for institutional care under the State plan.</p> <p>Describe how and why this instrument differs from the form used to evaluate institutional level of care and explain how the outcome of the determination is reliable, valid, and fully comparable.</p>

State:	
Effective Date	

- f. Process for Level of Care Evaluation/Reevaluation.** Per 42 CFR §441.303(c)(1), describe the process for evaluating waiver applicants for their need for the level of care under the waiver. If the reevaluation process differs from the evaluation process, describe the differences:

Each CCS completes the initial Level of Care (LOC) evaluation and annual reviews.

Initial Evaluation

As described in subsection d. above, for the initial evaluation, the CCS completes the CA and forwards the CA, including any supporting documentation, ~~and the CCS's recommendation~~ to the DDA Regional Office for review. Supporting documentation may include professional assessments, such as psychological, neuropsychological, and medical evaluations, special education evaluations, behavioral rating scales, autism rating scales, evaluations conducted by speech-language, physical, and occupational therapists, and social histories.

The DDA Regional Office staff review these materials and the DDA Regional Director issues a final determination on eligibility.

Annual Re-Evaluation

The CCS reviews a participant's LOC eligibility on an annual basis, assessing whether there are any changes in status and completes the LOC form. The DDA insure review of all participants on an annual basis. If there are changes in a participant's status, then the CCS submits a request for a reconsideration with any new supporting documentation to the DDA Regional Office for review.

If a participant no longer meets LOC or other eligibility requirements, the DDA will disenroll the participant from the ~~waiver~~ Waiver program.

Failure to Meet LOC Requirement

If an applicant or current participant is denied eligibility for and enrollment in the waiver, then he or she is provided a Medicaid Fair Hearing, as further specified in Appendix F.

- g. Reevaluation Schedule.** Per 42 CFR §441.303(c)(4), reevaluations of the level of care required by a participant are conducted no less frequently than annually according to the following schedule (*select one*):

<input type="radio"/>	Every three months
<input type="radio"/>	Every six months
<input checked="" type="radio"/>	Every twelve months
<input type="radio"/>	Other schedule
	<i>Specify the other schedule:</i>

- h. Qualifications of Individuals Who Perform Reevaluations.** Specify the qualifications of individuals who perform reevaluations (*select one*):

<input checked="" type="radio"/>	The qualifications of individuals who perform reevaluations are the same as individuals who perform initial evaluations.
----------------------------------	---

State:	
Effective Date	

○	<p>The qualifications are different. Specify the qualifications:</p>

- i. **Procedures to Ensure Timely Reevaluations.** Per 42 CFR §441.303(c)(4), specify the procedures that the State employs to ensure timely reevaluations of level of care (*specify*):

~~LTSSMaryland provides alerts and generates reports related to status of annual LOC re-evaluations, therefore The DDA ensures that all enrolled waiver participants obtain an annual re-evaluation of their LOC by maintaining a database. The Quarterly Level of Care Report includes data to reflect LOCs due in 90 days, 60 days, 30 days, and overdue by CCS agency.~~

~~At least quarterly, DDA prepares reports for each licensed CCS agency to notify them of the need to obtain re-evaluations for participants. The Coordinator of Community Services completes the re-evaluation as provided in subsection f. above. The CCS completes a recertification of need form and uploads into the LOC module in LTSSMaryland to confirm LOC is current and returns a signed copy for monitoring purposes.~~

~~Copies of the re-certification form are kept on file with both the DDA and the CCS agency.~~

- j. **Maintenance of Evaluation/Reevaluation Records.** Per 42 CFR §441.303(c)(3), the State assures that written and/or electronically retrievable documentation of all evaluations and reevaluations are maintained for a minimum period of 3 years as required in 45 CFR §92.42. Specify the location(s) where records of evaluations and reevaluations of level of care are maintained:

~~LTSSMaryland Both the DDA and each licensed CCS agency maintain records of initial evaluations and annual re-evaluations of LOC.~~

Quality Improvement: Level of Care

As a distinct component of the State’s quality improvement strategy, provide information in the following fields to detail the State’s methods for discovery and remediation.

- a. Methods for Discovery: **Level of Care Assurance/Sub-assurances**

The state demonstrates that it implements the processes and instrument(s) specified in its approved waiver for evaluating/reevaluating an applicant’s/waiver participant’s level of care consistent with level of care provided in a hospital, NF or ICF/IID.

- i. **Sub-assurances:**

a. Sub-assurance: An evaluation for LOC is provided to all applicants for whom there is reasonable indication that services may be needed in the future.

i. Performance Measures

For each performance measure the State will use to assess compliance with the statutory assurance complete the following. Where possible, include numerator/denominator.

For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.

Performance Measure:	LOC – PMI Number and percent of new enrollees who have an initial level of care determination prior to receipt of waiver services. D. Total number of new waiver enrollees. Appendix B-7: Freedom of Choice

Freedom of Choice. *As provided in 42 CFR §441.302(d), when an individual is determined to be likely to require a level of care for this waiver, the individual or his or her legal representative is:*

- i. informed of any feasible alternatives under the waiver; and*
- ii. given the choice of either institutional or home and community-based services.*

a. Procedures. Specify the State’s procedures for informing eligible individuals (or their legal representatives) of the feasible alternatives available under the waiver and allowing these individuals to choose either institutional or waiver services. Identify the form(s) that are employed to document freedom of choice. The form or forms are available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

Each individual and participant is afforded Freedom of Choice in his or her:

1. Selection of institutional or community-based care;
2. Selection of service delivery model (either Self-Directed Services or Traditional Services Models); and
3. Ability to choose from qualified providers (i.e. individuals, community-based service providers, vendors and entities based on service delivery model. .

After an individual is determined to be eligible for the waiver, but prior to determining need for specific services or entering services, the CCS informs the individual and his or her authorized representative (if any) of services available under both an ICF/IID or other institutional setting and DDA’s Home- and Community-Based Waiver programs. The CCS also provides information regarding service delivery models available under the DDA’s Waiver programs. In addition, for those individuals considering the waiver, the CCS provides the individual and his or her authorized representative with information on how to access via the internet, a comprehensive listing of DDA services and providers. If the individual or his or her authorized representative does not have internet access, the CCS will provide a hard-copy resource manual.

Then, the individual and his or her authorized representative are given the choice of receiving services in either an institutional setting or home and community-based setting. This choice must be documented in the DDA’s “Freedom of Choice” Form. The CCS presents and explains this form to the individual and his or her authorized representative and family. This form is available to CMS upon request.

The application packet is not considered complete and the individual will not be enrolled in the waiver until the Freedom of Choice form is signed by the individual or his or her authorized representative, a witness, and the CCS.

b. Maintenance of Forms. Per 45 CFR § 92.42, written copies or electronically retrievable facsimiles of Freedom of Choice forms are maintained for a minimum of three years. Specify the locations where copies of these forms are maintained.

~~The CCS provider and the DDA~~ LTSS Maryland retains 5 copies of the “Freedom of Choice” form.

Appendix B-8: Access to Services by Limited English Proficient Persons

Access to Services by Limited English Proficient Persons. Specify the methods that the State uses to provide meaningful access to the waiver by Limited English Proficient persons in accordance with the Department of Health and Human Services “Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons” (68 FR 47311 - August 8, 2003):

The State provides meaningful access to individuals with Limited English Proficiency (LEP) who are applying for or receiving Medicaid services. Methods include providing interpreters at no cost to individuals, and making available language translations of various forms and documents. Additionally, interpreter resources are available for individuals who contact [the DDA](#) for information, requests for assistance, or complaints. All agency staff receive training in cultural competence as it relates to health care information and interpreting services.

The Maryland Department of Health’s website contains useful information on Medicaid waivers and other programs and resources. The website will translate this information into a number of languages that are predominant in the community.

The State also provides translation services at Medicaid Fair Hearings, if necessary. If an LEP appellant attends a hearing without first requesting services of an interpreter, the Administrative Law Judge will not proceed unless there is an assurance from the appellant that they are able to sufficiently understand the proceedings. If not, the hearing will be postponed until an interpreter has been secured.
