a. Criminal History and/or Background Investigations. Specify the State’s policies concerning the conduct of criminal history and/or background investigations of individuals who provide waiver services (*select one*):

<input checked="" type="checkbox"/>	<p>Yes. Criminal history and/or background investigations are required. Specify: (a) the types of positions (e.g., personal assistants, attendants) for which such investigations must be conducted; (b) the scope of such investigations (e.g., state, national); and, (c) the process for ensuring that mandatory investigations have been conducted. A provider may opt to perform additional checks and investigations as it sees fit.</p> <p><u>Criminal Background Checks</u></p> <p>The DDA is seeking to update its regulations regarding Criminal Background Checks, as provided in this Section a. The draft regulations will be subject to notice and comment and other applicable requirements as provided in Maryland’s Administrative Procedure Act, codified in Title 10, Subtitle 1 of the State Government Article, prior to finalization. Therefore, the draft regulations, set forth below, may be amended to comply with those requirements.</p>
-------------------------------------	--

State:	
Effective Date	

In the meantime, the current regulations will remain in effect and continue to apply to services covered under this Waiver. The draft regulations, as amended, will apply to services covered under this Waiver once they are effective.

Current Regulations

The DDA’s regulation requires specific providers have criminal background checks prior to services delivery. DDA’s regulations also require that each DDA-licensed and DDA-certified community-based providers complete either: (1) a State criminal history records check via the Maryland Department of Public Safety’s Criminal Justice Information System; or (2) a National criminal background check via a private agency, with whom the provider contracts. If the provider chooses the second option, the criminal background check must pull court or other records “in each state in which [the provider] knows or has reason to know the eligible employee [or contractor] worked or resided during the past 7 years.” The same requirements are required for participants self-directing services as indicated within each service qualification.

The DDA-licensed and certified provider must complete this requirement for all of the provider’s employees and contractors hired to provide direct care. If this background check identifies a criminal history that “indicate[s] behavior potentially harmful” to individuals receiving services, then the provider is prohibited from employing or contracting with the individual. See Code of Maryland Regulations (COMAR) 10.22.02.11, Maryland Annotated Code Health-General Article § 19-1901 *et seq.*, and COMAR Title 12, Subtitle 15.

Background screening is required for volunteers who:

- (1) Are recruited as part of an agency’s formal volunteer program; and
- (2) Spend time alone with participants.

Criminal background checks are not required for people who interact with or assist individuals as a friend or natural support, by providing assistance with shopping, transportation, recreation, home maintenance and beautification etc.

Draft Regulations

Subject to amendment as part of the process to promulgate regulations, the DDA will require that persons selected by individuals with a developmental disability to provide waiver services successfully pass a criminal background check, as detailed herein. A “person” includes an individual, receiver, trustee, guardian, personal representative, fiduciary, or representative of any kind and any partnership, firm, association, corporation, or other entity as set forth in MD. CODE ANN., HEALTH-GEN. § 1-101.

The following individuals must complete a criminal background check:

- 1. All employees and Board members of a community-based provider providing services under the Traditional Services delivery model;
- 2. All contractors and volunteers of a community-based provider providing services under the Traditional Services delivery model who will have direct contact with at least one individual with a developmental disability; and
- 3. All employees and staff of a Participant providing services under the Self-Directed Services delivery model.

Direct contact is defined as physically present with, or within an immediate distance (such as the same room) of, the individual with a developmental disability.

State:	
Effective Date	

The following persons will be responsible for ensuring the criminal background check takes place upon hire of each individual who is required to complete a criminal background check:

1. Under the Traditional Services delivery model, the community-based provider; and
2. Under the Self-Directed Services delivery model, the Fiscal Management Services provider.

Each DDA-licensed and DDA-certified community-based provider (including the Fiscal Management Services provider) must provide a copy of the criminal background check of its Executive Director and its Board Members as part of its initial and renewal application to the Department for licensure or certification. Otherwise, the DDA-licensed or DDA-certified community-based provider and Fiscal Management Services provider are responsible for complying with these requirements for each individual hired.

The criminal background check to be conducted must:

1. Be performed by Criminal Justice Information Services in the Maryland Department of Public Safety and Correctional Services; or
2. Be performed by a private agency, meeting certain criteria regarding, their qualifications, the scope of the background check, and whether alerts will be required.

Please note the DDA is in discussion regarding criteria for appropriate private agency (ies) requirement(s) for performing criminal background checks, which will be promulgated in the updated regulations.

An individual will have successfully passed his or her criminal background check if he or she has been not been convicted, received probation before judgment, or entered a plea of nolo contendere to a felony, crime of moral turpitude (including fraud), theft, financial crimes against a vulnerable adult, or abuse or neglect of a child or vulnerable adult and such final judgment was not entered 10 years ago or less from the date of the individual’s application.

If an alert later notifies the community-based provider or Fiscal Management Services provider that the individual has received subsequently a final judgment that does not meet the requirements to successfully pass a criminal background check, then: (1) he or she must be removed immediately from direct contact with an individual with a developmental disability; and (2) his or her employment, contract, or Board membership must be terminated promptly.

If an individual knowingly submits false information for his or her criminal background check, then he or she will be disqualified automatically from serving an individual with a developmental disability and will not be permitted to apply again for a period of five years from the date of the initial application containing the false information.

Participants enrolled in DDA’s Self-Directed Services delivery model may request that DDA waive these criminal background check requirements. DDA may permit waiver of the criminal background check requirements *only if* the criminal background check indicates behavior that would not be potentially harmful to an individual with a developmental disability.
