Biological Agents Registry Information

For Office Use Only

Decision to Release:

Yes No

Justification for the Release of Information:

- State and/or federal law enforcement investigation involving release, theft, or loss of a biological agent
- Emergency Management Directors and/or Health Officers providing inter-jurisdictional aid with an emergency response
- Centers for Disease Control and Prevention investigation involving release, theft, or loss of a biological agent
- State or federal agency having investigatory authority
- The Department's use in the planning for the public's protection against a potential public health threat, either naturally occurring or by biological terrorism; or in the investigation of non-compliance with State regulations (COMAR 10.10.11)
