

## **APPENDIX Z – STATE ACTIVATION REQUEST FORMS**

This flier was created to provide Unit Administrators and emergency response partners with easy access to the MDRMRC state activation request forms. The links on the following page can be used to submit a request for State Program support in activating and deploying volunteers for an emergency response or public health event (non-emergency).

## STATE ACTIVATION REQUEST FORM

The Maryland Responds State Activation Request Forms are available online. If local resources have been exhausted and additional volunteers are needed, a request may be made to the state to activate volunteers regionally or statewide.

### EMERGENCY RESPONSE ACTIVATION REQUEST FORM

To request volunteers for an emergency response activation, complete the form here: <http://bit.ly/mdrEmergentRequest>.

The Maryland Responds Medical Reserve Corps aims to supplement existing health and medical services during times of emergency. Please complete the Emergency Response Activation Request Form to request volunteers for an **EMERGENT** activation to support public health emergency response operations.

Once submitted, your request will be immediately processed for approval. Please direct questions to the Maryland Responds MRC State Program at [mdresponds.health@maryland.gov](mailto:mdresponds.health@maryland.gov) or call 410-767-7772 or 443-934-5849.

### PUBLIC HEALTH MISSION ACTIVATION REQUEST FORM

To request volunteers for a non-emergent public health mission, complete the form here: <http://bit.ly/mdrPHRequest>.

The Maryland Responds Medical Reserve Corps aims to support non-emergent, public health activities. Please complete the Public Health Mission Activation Request Form to request volunteers for a **NON-EMERGENT**, public health activity. Non-emergent, public health activities are planned events which are scheduled in advance. Such activities have a public health focus and foster the resilience and health of the community. A two week notice prior to the date of a planned event is highly recommended.

Once submitted, your request will be processed for approval. You will receive a response within one week of submitting your request. Please direct questions to the Maryland Responds MRC State Program at [mdresponds.health@maryland.gov](mailto:mdresponds.health@maryland.gov) or call 410-767-7772.
