**RE: ACCELERATED CERTIFICATION OF ELIGIBILITY (ACE) - LDSS AND  
LHD PROCEDURES FOR PRIORITIZING AND ACCELERATING THE  
MEDICAID ELIGIBILITY PROCESS FOR PREGNANT WOMEN  
APPLYING TO MEDICAID**

**PROGRAM AFFECTED: MEDICAL ASSISTANCE**

**ORIGINATING OFFICE: OFFICE OF ELIGIBILITY SERVICES**

**BACKGROUND**

This Action Transmittal supersedes AT 10-09 issued October 30, 2009 effective December 1, 2009. The Department of Health and Mental Hygiene (DHMH) and the Department of Human Resources (DHR) have revised the October 30, 2009 instruction to "ACE all pregnant applicants" to recommend a processing alternative that results in quick final determinations of eligibility for pregnant women, and to clarify that ACE must be used only to give accelerated eligibility to pregnant women whose applications have insufficient information to allow an immediate final determination of eligibility. Adding the alternative of immediate MA enrollment further advances the Governor's initiative to decrease infant mortality, and supports Secretary Brenda Donald's statement of core business processes for local departments of social services to process Medical Assistance applications for pregnant women the same day. The procedures set forth in the ACE Manual attached to AT 10-09 are otherwise unchanged.

**ACTIONS REQUIRED**

The requirement is to determine Medicaid eligibility for pregnant women as quickly as possible. First, if the case worker has all the information and documentation required to make a final determination on the day the pregnant woman applies, the eligibility determination must be made that day or within 10 days. Now that citizenship can be verified on SVES, meeting that requirement should no longer delay determinations (see AT 10-27 Confirming Citizenship using SVES).

If there is insufficient information to make a final determination, the case manager must ACE the application for 90-day eligibility. Pend the case in CARES, complete the ACE worksheet and forward the worksheet to DREP so that eligibility is temporarily established in MMIS. Then, collect the information needed and make a final determination for MA eligibility within 30 days.

**INQUIRIES:**
