What Do I Want in a New Place?

This is the time to think about all the things that you want in a new place: the location, the physical space, how close you want to be to other people, services and shops.

Most people do not live in a place that is "perfect" – that is, meets their every hope or desire. We make trade-offs and try to get those things that are MOST important to us.

Think about each of these items and how important they are to you. Ask yourself, Is this something that is "non-negotiable" -- an absolute necessity? Or, is this something that is "negotiable" -- something you'd like to have, but would trade off if necessary to get something more important?
