On August 22, 2012, a Case Resolution Conference ("CRC") was held before a committee of the Board. Based on negotiations between the parties and the CRC, Respondent agreed to the terms of this Consent Order as accepted by the Board.

### **FINDINGS OF FACT**

The Board makes the following findings of fact:

#### **I. Background**

1. On February 25, 2003, the Respondent was initially licensed as a pharmacist in the State of Maryland.

2. In 2010, The Respondent renewed her license. The Respondent's license is currently active and will expire on October 31, 2012.

3. The Respondent currently holds a permit to operate Zonetak Pharmacy (the "Pharmacy"), a retail pharmacy in the State of Maryland. The permit was first issued on January 24, 2011 and will expire on December 31, 2013.

4. At all times relevant, the Respondent was, and is, operating the Pharmacy at 10085 Red Run Boulevard, Physicians Pavilion at Owings Mills

("Physicians Pavilion"), Suite 104, Owings Mills, Maryland 21117. Physicians Pavilion is a four story office building which contains physicians' medical offices. There are no other retail establishments in Physicians Pavilion.

5. At all times relevant, the Respondent and her spouse owned and operated the Pharmacy.

6. On November 8, 2011, during an annual inspection, the Respondent reported that the hours of operation were from 8:00 a.m. to 5:00 p.m. on Monday through Friday and closed on Saturdays and Sundays.

## **II. The Complaint**

7. On or around mid March 2012, the Board received a voice mail message from an unidentified person who stated concerns about activities at the Pharmacy.

8. The complainant requested that the Board investigate the Pharmacy as he/she had seen a large number of people getting out of cars with out-of-state license plates, mainly from Ohio and Kentucky, and filling their prescriptions at the Pharmacy.

9. The complainant further stated that these people "hang out or linger all day" in the Pharmacy area, parking lot area, and outside.

## **III. Investigation**

10. On March 30, 2012, at approximately 10:00 a.m., the Compliance Officer and Inspector 1<sup>1</sup> from the Board visited the Physicians Pavilion. The Pharmacy is located on the first floor of the building.

---

<sup>1</sup> The Respondent obtained the identity of the inspectors and the compliance officer from the administrative prosecutor.

11. On March 30, 2012, the Compliance Officer and Inspector 1 interviewed a security guard (hereinafter the "Security Guard")<sup>2</sup> at Physicians Pavilion, who stated:<sup>3</sup>

- a. On March 30, 2012, at approximately 8:00 a.m., there were a large number of people, who got out of cars with out-of-state license plates such as Ohio, Kentucky, and Georgia, and came in to fill their prescriptions at the Pharmacy.
- b. Individuals would come sporadically, usually early in the morning. They would come into the Pharmacy but not visit any of the physicians' offices in the building.
- c. Previously, on Thursday March 29, 2012, there were even more people that came in from out-of-state to fill their prescriptions at the Pharmacy.
- d. Previously, on Wednesday March 28, 2012, a male approached the Security Guard, pulled him/her aside, and asked him/her if the Pharmacy had oxycodone.
- e. If a police car were to show up, the cars with out-of-state license plates would "vanish right away."

12. On Friday, March 30, 2012, the Compliance Officer and Inspector 1 interviewed "Informant A" and "Informant B"<sup>4</sup> who worked at an office in Physicians Pavilion. The interview revealed the following:

- a. The Informants referred to the Pharmacy as a "pill mill." Since the Pharmacy opened, they noticed that there had been lots of people driving cars with out-of-state license plates to fill their prescriptions at the Pharmacy and that the number had been increasing.

---

<sup>2</sup> The Respondent may obtain some information about the Security Guard from the administrative prosecutor.

<sup>3</sup> The Security Guard worked at Physicians Pavilion for over one year and worked from 5:30 a.m. to 4:00 p.m.

<sup>4</sup> The Respondent obtained information about Informant A and Informant B from the administrative prosecutor.

- b. The Informants had witnessed transactions in cash at the Pharmacy. For example, an individual paid \$450 in cash for prescriptions.
- c. The Informants stated that they usually observed the cars with out-of-state license plates came in on Tuesdays, Wednesdays, and Thursdays early in the morning, or at around 3:00 p.m. to 4:00 p.m.
- d. The Informants stated that if a police car were to enter the driveway, drivers of the cars with out-of-state license plates would quickly drive away.
- e. The Informants further stated that they had never seen the type of activity in the Pharmacy with the previous pharmacy while it was in operation at the same location.

13. On Tuesday, April 3, 2012, at approximately 7:30 a.m., the Compliance Officer and Inspectors 1, 2, and 3 (hereinafter the "Inspectors") from the Board arrived at the Physicians Pavilion.

14. On April 3, 2012, the Inspectors interviewed the Security Guard who stated that:

- a. Previously, on April 2, 2012, the Security Guard witnessed about ten (10) cars with Kentucky and Ohio license plates.
- b. A cashier and a pharmacy technician (the "Pharmacy Technician")<sup>5</sup> would usually arrive between 8:00 a.m. and 8:30 a.m. daily to open the Pharmacy before a pharmacist would arrive.

15. On April 3, 2012, the Inspectors observed the following:

- a. At 7:48 a.m., an SUV with Kentucky license plates arrived with three passengers. The Inspectors observed that they had pillows in the car. Shortly thereafter, cars with Ohio and Tennessee plates arrived.

---

<sup>5</sup> The Respondent obtained the identity of the cashier and the Pharmacy Technician from the administrative prosecutor.

- b. At around 8:10 a.m., a person who the Security Guard identified as the cashier opened the Pharmacy. There was no pharmacist in the Pharmacy.
- c. A cleaning crew went inside the Pharmacy and worked in the front retail store area.
- d. At 8:15 a.m., the Security Guard unlocked the Pharmacy for a person who the Security Guard identified as a Pharmacy Technician.
- e. At 8:35 a.m., there were five to six individuals waiting outside the Pharmacy.
- f. At 8:45 a.m., the Security Guard unlocked the door to the Pharmacy for a person the Security Guard identified as a pharmacist.<sup>6</sup>

16. Subsequently, on April 3, 2012, the Inspectors entered the Pharmacy to conduct a follow-up inspection from the annual inspection in November 2011 and observed the following:

- a. The Pharmacy did not have a means of securing the prescription area from the retail area. There was a gate with a latch on the inside that did not lock.
- b. The Pharmacy did not display any signs indicating the business hours of the establishment nor the prescription area.
- c. According to the "floater" Pharmacist, the hours of operation were 8:30 a.m. to 7:30 p.m. Monday through Friday and closed on Saturdays and Sundays.
- d. The Pharmacy Technician identified himself/herself to the Compliance Officer and Inspectors as a "cashier."
- e. The Pharmacy Technician stated that her registration expired on March 31, 2012.<sup>7</sup>

---

<sup>6</sup> The Respondent obtained the identity of the pharmacist from the administrative prosecutor.

<sup>7</sup> On April 3, 2012, the Pharmacy Technician submitted a renewal application to the Board and the Board renewed the registration. On April 4, 2012, the Board mailed the renewed registration to the Pharmacy Technician.

- f. At 12:44 p.m., the Pharmacy Technician performed technician duties such as entering the prescriptions in the computer and placing medication into pharmacy bags.
- g. The Pharmacy Technician's initials were on the computer prescription label of RX # 603460 dated April 3, 2012.
- h. Patient 1 and Patient 2<sup>8</sup> paid cash of over \$600 each at the cash register for narcotic prescriptions. Patient 1 from Kentucky paid approximately \$ 659 in cash for oxycodone 15 mg (#112), oxycodone 30 mg (#112), and meloxicam (#28).<sup>9</sup> Patient 2 from Kentucky paid approximately \$ 600 in cash for oxycodone 15 mg (#168).<sup>10</sup>

17. Additionally, on April 3, 2012, the Inspectors requested and reviewed "Drug Usage Reports" and the Schedule II Controlled Dangerous Substances ("CDS") prescriptions, which the Pharmacy Technician provided, and found the following:

- a. According to the "Drug Usage Report" dated March 29, 2012, among approximately 40 prescriptions of oxycodone 15 mg and 30 mg, 19 prescriptions were for out-of-state patients.
- b. According to the "Drug Usage Report" dated April 2, 2012, among 54 prescriptions of oxycodone 15mg and 30mg, 22 prescriptions were for out-of-state patients.
- c. After reviewing the Schedule II CDS prescriptions, the Inspectors found the Pharmacy Technician's initials on 19 computer prescription labels filled on April 2, 2012 (for example N213746), and 8 computer prescription labels filled on April 3, 2012 (for example, N213826).

---

<sup>8</sup> In order to maintain confidentiality, the names of patients are not used in the consent order. The Respondent obtained the identity of patients from the administrative prosecutor.

<sup>9</sup> Approximately a month before, on March 6, 2012, Patient 1 purchased oxycodone 15 mg (#112) and oxycodone 30 mg (#112) at the Pharmacy.

<sup>10</sup> The prescription for oxycodone shows the price paid was \$ 288.69. The approximately \$300 plus which Patient 2 paid on April 3, 2012 may have been for additional pain medication.

- d. From March 21, 2011<sup>11</sup> to June 30, 2011, the "Dispensing Report" for oxycodone (5, 10, 15, 20, and 30 mg) showed that there were approximately 89 out-of-state prescriptions among 702 total prescriptions of oxycodone, increasing toward the end of June 2011.
- e. From February 27, 2012 to April 2, 2012, the "Dispensing Report" for oxycodone (5, 10, 15, 20, and 30 mg) showed that there were approximately 478 out-of-state prescriptions among approximately 1038 total prescriptions of oxycodone.
- f. Between March 26, 2012 and April 3, 2012, the Schedule II CDS prescriptions (Oxycodone 15 mg and 30 mg.) for out-of-state individuals that the Pharmacy filled originated from a pain clinic<sup>12</sup> in Timonium, Maryland.<sup>13</sup> The individuals had addresses in Kentucky, Ohio, Tennessee, and West Virginia and were paid for with cash.

18. Upon further investigation, the Board found the Respondent's initials on the computer prescription labels for prescriptions from the pain clinic in Timonium, including, but not limited to the following:

- a. On October 24, 2011, the Respondent filled prescriptions of oxycodone 30 mg (#84) and oxycodone 15 mg (#84) to Patient 3<sup>14</sup> from West Virginia.
- b. On October 24, 2011, the Respondent filled prescriptions of oxycodone 30 mg (#112) and oxycodone 15 mg (#112) to Patient 4 from West Virginia.
- c. On March 30, 2012, the Respondent filled a prescription of oxycodone 15 mg (#84) to Patient 5 from Ohio.
- d. On March 30, 2012, the Respondent filled a prescription of oxycodone 30 mg (#168) to Patient 6 from Ohio.

---

<sup>11</sup> March 21, 2011 is approximately two months after the Pharmacy's opening.

<sup>12</sup> The Respondent obtained information about the identity of pain clinic from the administrative prosecutor.

<sup>13</sup> The pain clinic has subsequently been closed by the Drug Enforcement Agency.

<sup>14</sup> Patient 3 has the same last name as Patient 4 and resides on the same street in West Virginia.

- e. On March 30, 2012, the Respondent filled a prescription of oxycodone 15 mg (#84) to Patient 7 from Kentucky.
- f. On March 30, 2012, the Respondent filled a prescription of oxycodone 15 mg (#168) to Patient 8 from West Virginia.
- g. On March 30, 2012, the Respondent filled a prescription of oxycodone 30 mg (#84) to Patient 9 from Kentucky.
- h. On March 30, 2012, the Respondent filled a prescription of oxycodone 15 mg (#56) to Patient 10 from Kentucky.
- i. On March 30, 2012, the Respondent filled a prescription of oxycodone 10 mg (#168) to Patient 11 from Kentucky.
- j. On March 30, 2012, the Respondent filled a prescription of oxycodone 10 mg (#168) to Patient 12 from Kentucky.
- k. On April 2, 2012, the Respondent filled a prescription of oxycodone 30 mg (#168) to Patient 13 from Kentucky.

19. Upon further investigation, the Board obtained copies of prescriptions from the Respondent's files for additional patients from the pain clinic in Timonium, including, but not limited to the following:

- a. On or about October 24, 2011, the Respondent filled a prescription for oxycodone 30 mg (#112) to Patient 14 from Kentucky.

- d. On or about October 25, 2011, the Respondent filled prescriptions of oxycodone 30mg (#112) and oxycodone 15 mg (#84) to Patient 17 from Kentucky.

---

<sup>15</sup> Patient 16 is the wife of Patient 17.

- e. On or about October 25, 2011, the Respondent filled prescriptions of oxycodone 30 mg (#112) and oxycodone 10 mg (#84) to Patient 18 from Tennessee.
