2017 Regional Cancer Screening Forum: Increasing Cancer Screening Rates Through Enhanced Partnerships

The forum will:

- bring together DHMH-funded local cancer screening programs with strategic partners, including clinical and community organizations, to strengthen relationships in order to increase screening for hard-to-reach Marylanders.
- explore evidence-based strategies, tools and resources as well as challenges that partners face.
- provide a guided interactive team planning session for participants to build strategic relationships around common goals.

Tuesday, May 9, 2017 in Hunt Valley
