

PROVIDER ALERT

BHA Provider Vaccine Administration Information Form

September 27, 2021

Target Audience: Adult Group Homes, Residential Rehabilitation Programs, Residential Substance Use Treatment Programs, Residential Crisis, Recovery Residences, Residential Treatment Centers (RTCs), and BHA-Licensed Group Homes (Adolescents)

The Maryland Department of Health (MDH) Behavioral Health Administration (BHA) promotes outreach initiatives to increase the COVID-19 vaccination uptake of individuals served within the Public Behavioral Health System (PBHS). Providers can play a critical role in identifying and engaging unvaccinated service recipients. They have trusted relationships with their clients and are important partners to increase vaccine confidence and access.

To assist the Department in targeting its resources to support those Residential providers who may require additional technical assistance and support, the BHA is requesting that you complete a brief survey to determine the COVID-19 vaccination resources you may need to achieve full vaccination coverage for the residents you serve.

Please complete the following linked survey by **October 15, 2021**:
