Optum is closely monitoring the COVID-19 situation for providers

- Optum is taking action and providing resources to support members and providers during this challenging time
- Members and the safety of those who deliver care for them are our top priorities

We're listening.

Our teams are striving to serve our members and health care professionals and working hard to keep you updated on the latest news for COVID-19. Please continue to check the COVID-19 Updates page on Provider Express, which is the central repository for the latest information during this crisis.

We are continually monitoring the COVID-19 situation and, if we experience any disruptions to our normal processes, we will communicate updates on Provider Express. We greatly appreciate your patience and understanding as we work through this together.

Optum remains committed to supporting you, our network providers, during this unprecedented and challenging time. We want to **thank and commend you** all for the difficult work you are doing to support the delivery of care to members as you also work to ensure the personal safety and wellbeing of you and your loved ones.
