## Assess Your Training

Welcome to the FPNTC Training Roadmap – a one stop location that allows you to identify the resources that meet your unique training needs. Complete step 1 below for a family planning refresher. Then, proceed to steps 2 and 3 to create your own customized training plan with a set of recommended resources, tools, webinars, and online training.

### WELCOME

Are you new to Family Planning or Title X? Or maybe you need a refresher? The following resources offer opportunities for you to focus broadly on these topics:

-  Title X Orientation  
[e-learning course](#)
-  Family Planning Basics  
[e-learning course](#)
-  Prioritizing the Patient Experience: Strategies for Family Planning  
[video](#)
-  Introduction to Quality Improvement for Family Planning  
[e-learning course](#)
-  Putting the QFP into Practice Series  
[webinar](#)
-  Counseling Adolescents About Sexual Coercion and Abuse  
[e-learning course](#)
-  Shaping the Future of Title X: Conversations with OPA  
[archived webinar](#)

### STEP 1

#### Professional Role

Please identify your professional role (select only 1):

- Billing/Financial Assistant/Front Desk/Reception
- Community Outreach Staff
- Health Educator/Counselor
- Licensed Clinical Provider
- Manager/Administrator
- RN/Nurse

### STEP 2

#### Job Task

I am looking for training and resources that will help me:

- Align service site policies and practices with QFP recommendations
- Bill and code for services provided
- Conduct quality improvement
- Determine client's need for service
- Enrollment
- Help clients who want to become pregnant achieve pregnancy
- Improve the quality of patient care
- Provide basic fertility services
- Provide contraceptive services
- Provide preconception health services
- Provide pregnancy testing and counseling
- Provide related preventive services
