

BOARD OF ENVIRONMENTAL HEALTH SPECIALISTS

ANNUAL REPORT

July 2019 – June 2020

The State Board of Environmental Health Specialists (the “Board”) operates under the provisions of Title 21 of the Health Occupations Article of the Annotated Code of Maryland. The Board is the licensing authority of environmental health specialists in the State of Maryland. The Board is mandated to protect the public by regulating the practice of environmental health work in Maryland, by licensing qualified environmental health specialists, establishing fees, maintaining a current roster of all licensees, administering licensing examinations, enforcing current statutes and regulations, adopting new regulations to carry out provisions of the Title, suggesting new changes to the Title to keep abreast of trends and practice issues, adopting standards of practice for environmental health work, verifying credentials, issuing licenses, establishing requirements for and verifying completion of continuing education, investigating complaints based on alleged violations of regulations and statutes, formal and informal disciplining of licensees, creating committees as deemed appropriate to advise the Board. The program is 100 percent special funded. The fund is supported exclusively by revenues generated by licensing fees. The Board consists of 9 members appointed by the Governor with the advice of the Secretary and the advice and consent of Senate. Seven members of the Board are licensed environmental health specialists and two members represent the public.

BOARD MEMBERS:

Linda Rudie, EHS, Board Chair
Alan Heck, EHS, Board Vicechair
Ann Rose, EHS, Board Secretary
Naomi Howell, EHS
Amy Parrish, EHS
Erin Kelly, EHS
Matthew Cumers, EHS
Jasen Lau, Consumer Member
Lewis Brown, Consumer Member

STAFF:

James T. Merrow, Contractual Executive Director
Donna Zickefoose, Administrator I
Katherine Giblin, Board Counsel

The Board’s staff is responsible for the day-to-day activities of the Board and the coordination of administrative activities with other government agencies. In addition to the above staff, the Board shares its financial, information technology and investigative staff with other Health Occupation Boards under the Maryland Department of Health.

BOARD MEETINGS:

The Board conducts bi-monthly public meetings on the first Wednesday every other month throughout the year. The dates, times, and place of the meetings are posted on the Board’s website.

MISSION:

The Mission of the Board of Environmental Health Specialists is to protect the citizens of Maryland and to promote quality control of the public health aspects of the environment by licensing environmental health specialists, setting standards through their practice regulations, legislation, and receiving and resolving complaints from the public.

Seasonal In-Training Certificates	34

LEGISLATION:

None

REGULATIONS:

During the reporting period of July 1, 2019 through June 30, 2020 the Board did not promulgated regulations.

PLAN FOR SPECIAL FUND REVUNES

Background:

In F.Y. 2013, based on recommendations from the Department of Legislative Services (DLS) 2011 sunset review report, the legislature transferred the Board of Environmental Sanitarians from the Maryland Department of the Environment (MDE) to the Maryland Department of Health (MDH) and renamed the Board as the Board of Environmental Health Specialists. At that time the Board's fund source went from General Fund to Special Fund. The funding change was made in spite of the recommendation of DLS to maintain the Board's General Fund status.

Direct Staffing:

Prior to the Board's transfer, MDE staffing consisted of 4 hours per week for administrative support and 20 hours per week for an administrative specialist's time. Under MDH, there is a Contractual Executive Director and a 40 hour per week Administrative Officer.

Fund Balances are as follows:

FY 2019	\$ 16,000
FY 2020	\$ 0
FY 2021	\$ 0

Fees, Revenues and Funding Sources:

The Board's revenue structure is that all licensees are renewed every two years. This leads to a revenue imbalance between the odd fiscal years and the even fiscal years. The Board generates more revenue in the odd fiscal years.

Currently all health occupations boards are prohibited from increasing fees or instituting additional fees. Even if the Board could increase the fees it would not be practical for this licensing base. The typical licensees are highly trained public-sector employees who earn modest salaries. Unlike other health care providers that typically work in a private practice and can adjust the revenues to make up for increased licensing fees, these licensees have little or no discretion on setting their salaries. The Board believes that a significant fee increase could result in fewer individuals entering the profession. Currently the Department has agreed to pick up certain operational expenses of the Board. This has helped maintain the Board's solvency

In F.Y. 2020, the Board requested to be moved back to general funds. During the 2020 session of the Maryland General Assembly the Board secured sponsorship to have the Board become a general funded program. Unfortunately the 2020 session was terminated early because of Covid-19 consequently, House Bill 1484 and Senate Bill 673 were not enacted into law. The Board will request that similar legislation be proposed during the 2021 session.
