

MARYLAND

Department of Health

Larry Hogan, Governor · Boyd K. Rutheford, Lt. Governor · Robert R. Neall, Secretary

The appointment term for Dr. Stacey Cole serving as a licensed audiologist on the State Board of Examiners for Audiologists, Hearing Aid Dispensers, and Speech-Language Pathologists will expire on June 30, 2019.

The Maryland Department of Health (MDH) is requesting that the Maryland Speech Language Hearing Association (MSHA) and the Maryland Academy of Audiology (MAA) jointly submit a list of nominees by February 28, 2018. Dr. Cole is eligible for reappointment consideration if she is submitted as a nominee. **Pursuant to §2-202, (5) of the Health Occupations Annotated Code of Maryland, the Governor shall appoint the audiologist members, with the advice of the Secretary, from a list submitted by the MSHA and MAA based on a balloting process. The number of names on the list must be at least three times the number of vacancies.**

For your reference, enclosed a copy of the statute that addresses all the membership requirements and information on the Board's meeting schedule and other member responsibilities. Please note that the statute requires Board members to be actively practicing.

The Department is committed to creating geographic, gender and ethnic diverse representation on each Board. This helps to ensure that decisions reached more adequately reflect the viewpoints of all populations being served and profoundly continue to advance the groups' mission. We request your assistance in this effort and ask that you address this concern when identifying the most talented individuals to submit as nominees.

Each nominee must submit an online application via the Governor's Appointments Office website, <https://govapps.md.gov/appointments/apply/> by February 28, 2019. Applicants will be required to upload a resume during the application process.

The State Ethics Commission has rendered an advisory opinion #87-1, which addresses the issue of whether members of health regulatory boards may serve as elected officials or directors of professional associations whose members are under the Board's authority. This opinion would be presumed to be a restriction against appointment unless it was clear that their activities would not, in any way, be a conflict of interest. You should be aware that this

opinion could be a restriction on the nature of an individual's activities with the association after they are appointed to a regulatory board. Any officer or Board member of a professional association who accepts nomination for appointment to a regulatory board shall give consideration to resigning from the position with the association prior to accepting the appointment. If the nominee does not wish to resign, his position with the association must be clearly stated with the submission of the nominee's name, to the Secretary of Health and subsequently on the Appointee Exemption Disclosure Forms filed as part of the online application. A determination of eligibility will then be made by the appointment authority.

Thank you for assisting the Department in the appointment process. We look forward to hearing from MSHA on or before February 28, 2019. Should you have any questions, please contact me at 410-767-4049 or Kim.Bennardi@Maryland.gov.
