

Argininemia (Arginase deficiency)

<http://www.newbornscreening.info/Parents/aminoaciddisorders/argininemia.html>

Argininosuccinate aciduria

<http://www.newbornscreening.info/Parents/aminoaciddisorders/ASAL.html>

Beta Ketothiolase (Mitochondrial Acetyl-CoA Thiolase Deficiency)

<http://www.newbornscreening.info/Parents/organicaciddisorders/BKD.html>

Biotinidase Deficiency

<http://ghr.nlm.nih.gov/condition=biotinidasedeficiency>

Carnitine Acyl-Carnitine Translocase Deficiency

<http://www.newbornscreening.info/Parents/fattyaciddisorders/CAT.html>

Carnitine Palmitoyltransferase Deficiency Type 1 (CPT I)

<http://www.newbornscreening.info/Parents/fattyaciddisorders/CPT1.html>

Carnitine Palmitoyltransferase Deficiency Type 1 CPT II

<http://www.newbornscreening.info/Parents/fattyaciddisorders/CPT2.html>

Carnitine Uptake Deficiency

<http://www.newbornscreening.info/Parents/fattyaciddisorders/Carnitine.html>

Citrullinemia

<http://www.newbornscreening.info/Parents/aminoaciddisorders/ASAS.html>

Cobalamin C deficiency

http://www.newbornscreening.info/Parents/organicaciddisorders/MMA_HCU.html

Congenital Adrenal Hyperplasia

<http://www.newbornscreening.info/Parents/otherdisorders/CAH.html>

Congenital Hypothyroidism

<http://www.newbornscreening.info/Parents/otherdisorders/CH.html>

Cystic Fibrosis

<http://www.newbornscreening.info/Parents/otherdisorders/CF.htm>

2,4-dienoyl-CoA Reductase

Galactosemia

<http://www.newbornscreening.info/Parents/otherdisorders/Galactosemia.html>

Glutaric Acidemia

<http://www.newbornscreening.info/Parents/organicaciddisorders/GA1.html>

Glutaric Acidemia Type II

<http://www.newbornscreening.info/Parents/organicaciddisorders/GA2.html>

Homocystinuria

<http://ghr.nlm.nih.gov/condition=homocystinuria>

3-Hydroxy-3Methylglutaric aciduria

<http://www.newbornscreening.info/Parents/organicaciddisorders/HMGCoA.html>

Isobutyryl-CoA Dehydrogenase Deficiency

<http://www.newbornscreening.info/Parents/organicaciddisorders/ICoA.html>

Isovaleric Acidemia

<http://www.newbornscreening.info/Parents/organicaciddisorders/IVA.html>

Long chain 3-hydroxyacyl-CoA dehydrogenase deficiency (LCHADD)

<http://www.newbornscreening.info/Parents/fattyaciddisorders/LCHADD.html>

Malonic Acidemia

<http://ghr.nlm.nih.gov/condition=malonylcoenzymeadecarboxylasedeficiency>

Maple syrup urine disease (Branched-chain ketoacid dehydrogenase deficiency)

<http://www.newbornscreening.info/Parents/aminoaciddisorders/MSUD.html>

Medium chain acyl-CoA dehydrogenase deficiency (MCADD)

<http://www.newbornscreening.info/Parents/fattyaciddisorders/MCADD.html>

2-Methyl-3Hydroxybutyryl-CoA Dehydrogenase Deficiency

<http://www.newbornscreening.info/Parents/organicaciddisorders/2MBC.html>

2- Methylbutyryl-CoA Dehydrogenase Def.

<http://www.newbornscreening.info/Parents/organicaciddisorders/2MBC.html>

3 Methylcrotonyl- CoA carboxylase deficiency (3-MCC)

<http://www.newbornscreening.info/Parents/organicaciddisorders/3MCC.html>

Methylmalonic Acidemia

<http://www.newbornscreening.info/Parents/organicaciddisorders/MMA.html>

Multiple Carboxylase Deficiency

<http://www.newbornscreening.info/Parents/organicaciddisorders/HCSO.html>

Phenylketonuria/ hyperphenylalaninemia

<http://www.newbornscreening.info/Parents/aminoaciddisorders/PKU.html>

Propionic Acidemia

<http://www.newbornscreening.info/Parents/organicaciddisorders/PA.html>

Short chain acyl-CoA dehydrogenase deficiency (SCADD)

<http://www.newbornscreening.info/Parents/fattyaciddisorders/SCADD.html>

Short chain 3-hydroxyacyl-CoA dehydrogenase deficiency (SCHADD)

<http://www.newbornscreening.info/Parents/fattyaciddisorders/SCHADD.html>

Sickle Cell Anemia

<http://www.newbornscreening.info/Parents/otherdisorders/SCD.html>

Trifunctional Protein Deficiency

<http://www.newbornscreening.info/Parents/fattyaciddisorders/TFP.html>

Tyrosinemia Type I

<http://www.newbornscreening.info/Parents/aminoaciddisorders/Tyrosinemia.html>

Tyrosinemia Type I/II/III

<http://ghr.nlm.nih.gov/condition=tyrosinemia>

Very long chain acyl-CoA Dehydrogenase (VLCADD)

<http://www.newbornscreening.info/Parents/fattyaciddisorders/VLCADD.html>
