

**GUIDELINES FOR THE MANAGEMENT OF PEDIATRIC SICKLING DISORDERS
(FS, FSC, FSA)**

- Follow **Sickle Cell Health Maintenance Guidelines**
- Prompt evaluation for fever (101.5F or 38.6C), especially under 4 years of age
- Co-management with specialists and school health

REFERRALS

The pediatric hematologist should see the child

- Initially to confirm the suspected screening results**
- At least once a year after the diagnosis is confirmed**
